WANTED: Ideas!

Bring them to the brainstorming
session in Groveton on Nov. 10

Area residents are invited to come and bring their ideas and concerns and take part in a community dialogue.

The Groveton Regional Economic Action Team (GREAT) is hosting a public forum on Saturday, Nov. 10 at 9:30 a.m. at the Saint Francis Xavier Hall on State Street in Groveton.

A Public Facilitator from Mountain Spirit Institute will manage the meeting and assist the town residents, businesses, economic development and local organizations, town boards, as well as any interested parties in

problem solving through the crisis of the closure of Wausau Paper.

The primary goal is to allow town residents and those most affected by the closure of the mill to bring their ideas and brainstorm together in order to overcome the barriers and challenges facing Groveton and the surrounding communities as they experience the economic and societal difficulties of the loss of the town's major employer.

Refreshments will be served.
